Navigation Manual

2022 CIVIC Sedan

The information and specifications included in this publication were in effect at the time of approval for printing. Honda Motor Co., Ltd., reserves the right, however, to discontinue or change specifications or design at any time without notice and without incurring any obligation.

Accessories Precautions

The GPS antenna is located in the dashboard. Metallic front or side window tinting can seriously degrade or obstruct GPS reception.

Signal noise from devices such as radar detectors, vehicle tracking devices, remote starters, and additional amplifiers can disrupt the navigation system. If you install any such item, install it away from the navigation display and antenna.

Important Safety Information

A WARNING

Using the navigation system while driving can take your attention away from the road, causing a crash in which you could be seriously injured or killed.

Only operate system controls when the conditions permit you to safely do so.

Avoid focusing on the screen or manually operating the system controls while driving.

Certain on-screen controls are disabled when driving, however most of the voice commands continue to function. Pull to the side of the road if you need to devote more attention and time to look at the screen or access additional menus.

Route guidance may conflict with street closures, road construction, detours, and out-of-date map data.

The system itself may also have limitations. Verify route information by carefully observing roads, signs, and signals. Always use your own judgment and obey traffic laws.

System Limitations P. 102

NOTICE

Upon removing this vehicle's navigation display, please reuse, recycle, or dispose of as hazardous waste.

Clean the screen with a soft, damp cloth. You may use a mild cleaner intended for use on navigation screens.

Overview—Functions at a Glance

Navigation

You can select any place/landmark as a destination by using the touchscreen. The navigation system gives you turn-by-turn driving directions to your destination.

Register **1** home address. Store contacts **P23** Store locations to use as the destination. Enter destination **P**.62 Select your destination using several methods. Select route **P**.79

Store home address <> P.20

Set route preferences and select one of the available routes.

Track route P.81

Follow your route in real-time with voice guidance.

Traffic Information* <> P.87

View and avoid congestion and traffic incidents.

*: Available only in certain areas.

Avoid certain areas (>P.51)

Set streets and areas to detour around.

Add waypoints P.90 Add "pit stops" along your route.

HOME Screen

The system displays various functions from the HOME screen. Press the 🙇 button at any time to return to the main HOME screen.

Navigation -

Display the navigation feature that was used the last time. At start-up, the map screen is displayed.

Display Mode () Adjust screen brightness or turn off the screen.

Touchscreen Operation

You can operate the system using your finger on the touchscreen. The touchscreen can be operated if you are wearing thin gloves, but it may be more difficult for the system to respond.

Тар

Touch the screen lightly with your finger to select an option on the screen.

Long Tap

Touch and hold the screen with your fingertip until you release your finger from the screen to scroll map toward your fingertip.

Swipe

Lightly sweep your finger side to side or up and down to scroll a list or map.

You can change the touchscreen sensitivity setting. Refer to the Owners Manual.

Flick

Flick with your finger to scroll the map according as to the movement of your finger.

Slide

Move your finger slowly across the screen to scroll the map.

Zoom In/Out

Open or close your fingers on the screen in a pinching motion to zoom in or out of the map.

Touch the screen twice by a finger to zoom in the map. Touch the screen by two fingers to zoom out the map.

Zoom In

Zoom Out

How to Enter Information

You can enter information (e.g., city names, street names, numbers, and symbols) when prompted on the input screen.

Using Voice Commands

When you see $\fbox{\begin{subarray}{c} \begin{subarray}{c} w \end{subarray} w \end{subarray}$ in this manual, voice commands are available for that feature.

The system recognizes certain commands. Available navigation voice commands P.112

• Press the $\boxed{\#^{2}}$ button, and say the letter, number, or symbol (e.g., say $\boxed{\#^{2}}$ "1").

On list screens:

- Say the number of the list item (e.g., say 1) "Three" to select item 3).
- Say \mathbb{W}_{Σ}^{2} "Back" to return to the previous screen.
- Say \mathbb{W}_{Σ}^{2} "Cancel" to end the voice command function.
- Say ((*) "Next" for next page.
- Say [1] "Previous" for previous page.

Using the Touchscreen

Select a character or icon on the screen to select it.

- Select 💌 to remove the last entered character.
- Select 🛆 to display upper/lower case characters.
- Select to enter a space character.
- Select #+= to display other types of characters.
- Select 🌐 to change the keypad language.
- Select 🔁 to entered character.

Navigation—Home Addresses and Going Home

The "Home" feature automatically routes you to your home address from any location simply by selecting Go Home.

You can store one home address.

The order of the steps may change depending on the map data loaded on your system.

Storing Your Home Address

6	Select Address Search and then select desired search method.							
		Search Method						
		Select from Map	>					
		I Keyword Search	>					
		Category Search	>					
		Maddress Search	>					
	Ŧ	Search Along Route	\rightarrow					

- 6 Enter your home address. Select Save when a desired location is
- displayed.
- Select Phone No. and then enter a phone number.

Select Save.

Going Home					
Select Navigation.					
2 Select Q.					
Select Go Home. I 2 3 4 5 6 7 8 9 0 0 0 0 0 0 0 0 0 0 0 0 0 0 0 0 0 0					
"Navigation" and then <u>w</u> "Go Home" from any screen.					
A Select Go.					

Navigation—Entering a Destination

Enter your destination using one of several methods, then follow route guidance on the map to your destination. The order of the steps may change depending on the map data loaded on your system.

1 Select Navigation. 2 Select Q. B Enter the keyword or address. 4 Select 🔍 Q Long Beach Vellow Cab 2129 W Posecrans Ave. Gardena, CA 90249 Lini **5** Select an address from the list. Search Results for "Long Beach" 8.0mi g Beach Maintenance and Repai 4.0mi 4.4mi 5.5mi 5.5mi

Navigation—Changing Route or Destination

~

You can alter your route by adding waypoints to visit, or changing your destination during route guidance.

Adding a Waypoint ("Pit Stop")

You can add waypoints along your route.

🗙 💻 Long Beach Honda

🗙 📴 Long Beach, CA 90802, United St...

Changing Your Destination

There are several methods you can use to specify a new destination during route guidance.

- Selecting an icon on the map P.92
 Select a place/landmark icon or a new area on the map.
- Entering a new destination P.93
 Select and then enter a new destination.

Canceling Your Route

Alternatively, you can say <u>b</u> "Navigation" and then <u>b</u> "Stop route" from any screen.

Voice Control Operation

Voice Portal Screen

Press and release the <u>w</u> button. The system prompts you to say a voice command. Press and release the <u>w</u> button again to bypass this prompt.

- The system beeps when ready for a command.
- Press the button or say 2" Cancel" to cancel.

2 Say 🞼 "Navigation."

The Voice Command screen is displayed.

After that, follow the voice prompt and say a voice command.

- The audio system is muted during voice control mode.
- You can use other voice commands on the Voice Portal screen.
- Carefully read the usage note for the voice control.

Voice Control System - P. 19

 The system recognizes certain commands. Available navigation commands

Voice Command Screen

- After saying <u>M</u> "Navigation" from the Voice Portal screen, the below screen appears.
- 2 Listen for the voice prompt, then say a voice command.

- You do not need to press the <u>b</u> button again in the Voice Command screen.
- Available voice commands are highlighted on the screen.

Troubleshooting

Why does the vehicle position icon on the map appear slightly off my actual position, especially at intersections?

This is normal. The navigation system is unaware of the width of intersections. Large differences in vehicle position can indicate a temporary loss of the GPS signal.

Why does the "Arrival time" display sometimes increase even though I am getting closer to my destination?

The "Arrival time" is based on the speed limit on each road. Depending on the traffic conditions, the "Arrival time" may be calculated to be earlier or later.

Why does my clock frequently change the time forward and backward by one hour?

The clock setting is automatically updated based on your GPS location. If you are driving near a time zone border, the automatic update likely is the reason.

How do I turn on the navigation system voice guidance?

- Adjust the volume using the volume knob during the voice guidance.
- Press the (Home) button. Select General Settings > System > System Volumes.

Turn up volume level of **Navigation Guidance** if it is low.

How do I specify a destination when an entered city or street could not be found?

Try selecting the destination directly from the map.

How to Use This Manual

This section explains different methods on how you can easily find information in this manual.

* Sample pages and images in this section may differ from the actual ones.

This page intentionally left blank.

Start-up

System Setup

The navigation system starts automatically when you set the power mode to ACCESSORY or ON. At start-up, the following confirmation screen is displayed.

Bluetooth Audio Connection Trip Computer SiriusXM	All Apps	Navigation	Phone	FM	
	Bluetooth	Smartphone	Trip Computer		/

1. Select OK.

- The Bluetooth connection message is displayed if you disconnected a Bluetooth device on the HOME screen.
- If you do not select OK, the system will automatically select OK after a certain period of time.
- The system will automatically start up the feature that was used the last time.

2. Select Navigation.

- The map screen or navigation tutorial screen is displayed. If the navigation tutorial screen is displayed, select Exit.
- When you want to display the navigation top screen, you press the _____ button.

Limitations for Manual Operation

Certain manual functions are disabled or inoperable while the vehicle is in motion. You cannot select a grayed-out option until the vehicle is stopped. Voice commands are still operable while the vehicle is in motion.

🔊 Start-up

Avoid focusing on the screen and drive safely following the actual traffic restrictions.

When you use the navigation system, the system may close other apps.

When you select **Navigation**, the system displays the navigation feature that was used the last time. At start-up, the map screen is displayed.

Navigation tutorial is displayed at initial start. You can display the tutorial from the main menu at any time.

Tutorial P. 49

Your vehicle has a voice control system that allows hands-free operation of the navigation system functions.

The voice control system uses the $\boxed{\texttt{w}}$ button on the steering wheel and a microphone near the map lights on the ceiling.

For details of the \mathbb{M}^{\leq} button and microphone position, see the Owner's Manual.

Voice Recognition

To achieve optimum voice recognition when using the navigation voice control system:

 Make sure the correct screen is displayed for the voice command that you are using. The system recognizes certain commands. Available navigation commands:

Navigation Commands P. 112

- Close the windows and moonroof.
- Adjust the dashboard and side vents so air does not blow onto the microphone on the ceiling.
- Speak in a clear, natural speaking voice without pausing between words.
- Reduce any background noise if possible. The system may misinterpret your command if more than one person is speaking at the same time.

Voice Control System

When you press the $\boxed{w_{\Sigma}^{2}}$ button, the system prompts you to say a voice command. Press and release the $\boxed{w_{\Sigma}^{2}}$ button again to bypass this prompt and give a command.

➢ Voice Recognition

The voice control system can only be used from the driver's seat because the microphone unit removes noises from the passenger's side.

Setting Home Location

😚 🔝 🕨 Navigation 🕨 🔍

Use the personal information menu to set your home location.

Adjusting Screen Brightness

Set the screen brightness. Select **Display Mode** (*) to change the screen brightness.

Select **Display Mode** on the bottom of the screen.

- The Brightness bar is displayed for a few seconds.
- Select so or so to adjust the brightness.
- ► Select **Display OFF** to turn off the screen. To turn on the screen, press the an or button.

Adjusting Screen Brightness

You can also adjust the display brightness by sliding or swiping on the Brightness bar.

You can change the touchscreen sensitivity setting. Refer to the Owners Manual.

You can change the color of the map. Color Theme P. 34

Switching Display Mode

Illumination control	Operation
Display Mode (🔆 🕽)	Adjusts screen brightness when the user wants to change the brightness of the display temporarily. Remember: Display Mode (*) overrides all other display brightness adjustments either set automatically by the sunlight sensor or manually from the System settings screen.
Sunlight sensor (see the Owner's Manual for location)	If the sunlight sensor detects daylight and the headlights are turned on, the system automatically overrides the Night display and displays the Day display mode. Remember: If desired, use the Display Mode (*) to adjust the brightness of the display.
Dash illumination adjustment dial (see the Owner's Manual for location)	When the headlights are turned on, and you wish to have the Day display mode, adjust the illumination to the full brightness (beeps). Remember: Adjust the dash brightness back to midrange to allow auto switching by sensing the headlights are on or off.
Headlights (Auto/On/ Off)	When turned on, the display changes to Night display mode. The previous three controls listed above can "cancel" this function. Remember: Use the Display Mode (*) to adjust the brightness of the display.

𝔅 🛲 ► General Settings ► System ► System Volumes

 About Software License P 59

Adjust Vehicle Position

Settings ► Adjust Vehicle Position

Manually adjust the current position of the vehicle as displayed on the map screen if the position appears to be incorrect. Make sure the vehicle is in Park.

Arrow Icons

- **1.** Scroll the map to position the arrowhead at your correct position.
- **2.** Select arrow icons to position the arrowhead in the correct direction the vehicle is facing.
- 3. Select Done.

Adjust Vehicle Position

An apparent position error can occur where buildings, tunnels, and other objects block or reflect GPS signals, forcing the system to use "dead reckoning" to determine your location and direction.

Using this function to adjust vehicle position is not recommended. When the system reacquires a GPS signal, it will automatically place the vehicle in the correct location.

If you continually have to adjust the vehicle position, you may have problems with GPS reception or there may be database errors.

System Limitations P. 102

- **(Heading-up**): Displays the map so that the direction you are traveling is always pointing up.
- (3D Map): Displays the bird's eye view map.

View (Map Orientation)

The red arrow in the symbol always points North.

The bird's eye view map switches to the Heading-up map while scrolling the map.

Navigation

Traffic Information

When you set the traffic feature, the system examines traffic conditions and optimizes the route for the shortest time. If a severe traffic delay occurs while you are navigating, the system searches for a faster route. If it finds one, the system will prompt you and you can choose to accept the new route.

The system may route you through a traffic delay if a better alternative route does not exist. The delay time is added into your estimated time of arrival automatically.

Nearby Traffic

Troubleshooting	96
Map, Voice, Entering Destinations	96
Traffic	97
Guidance, Routing	98
Update, Coverage, Map Errors	99
Display, Accessories	99
Miscellaneous Questions	99

Map, Voice, Entering Destinations

Problem	Solution
The Startup Confirmation screen is displayed every time I start the car.	This is normal. The Startup Confirmation screen reminds you and your guest drivers to always operate the navigation system in a safe manner. The Startup Confirmation screen goes off after a certain period of time, even if you do not select OK .
The navigation system reboots by itself (returns to the opening screen).	A reboot can be caused by extreme temperatures or shock from bumpy roads, and does not necessarily indicate a problem. If this happens frequently, please see your dealer.
How do I specify a destination when an entered city or street could not be found?	Try selecting the destination directly from the map. Map Input P. 77
How do I delete saved places?	Press the 🙇 button. Select Navigation > 🚍 > Manage Places > Saved Places > 🗙 > Save.
I cannot hear the navigation system voice.	Press the 🙇 button. Select General Settings > System > System Volumes . Turn up Navigation Guidance , if volume level is low. For more details, see the Owner's Manual.

Traffic

Problem	Solution
Traffic information is missing or is not displaying properly. What is wrong?	 Verify the following: Traffic information relies on a clear signal. If signal strength is low, traffic data may not be available. Check that the traffic icons are turned on. Traffic lcons P. 32 Online services may be off. If so, select Navigation > > > Settings > Online Services > Sign Up for Online Services to turn on. Online Services P. 59 If the situation persists, see your dealer for assistance. Traffic information is available only in certain areas.

Guidance, Routing

Problem	Solution
The navigation system does not route me the same way I would go or the same way as other mapping systems.	The navigation system attempts to generate the optimal route. You can change the route preferences used when calculating a route.
The street I'm on is not shown on the map screen.	The mapping database is constantly undergoing revision.
The vehicle position icon is not following the road.	 This is normal. The signals received from the GPS satellites are extremely weak and can easily be interrupted or interfered as your vehicle travels near tall buildings or in tunnels. Check your vehicle surroundings for anything that may be blocking the reception. If this happens frequently and there is no obstruction that is interfering the reception, please see your dealer. Metallic tinting or other aftermarket devices can interfere with GPS reception. Please consult your dealer. GPS P. 102
How do I stop the map from rotating as I drive along?	 Press the button and then select Navigation. Check that the map orientation is set to ((heading-up)) or (3D map). Select and to select ((north-up)) on left side of the map.
The "Arrival time" display sometimes increases even though I am getting closer to my destination.	The "Arrival time" is based on the speed limit on each road. Depending on the traffic conditions, the "Arrival time" may be calculated to be earlier or later.
My elevation (shown when I display the current position) seems to fluctuate even though my elevation has not changed.	This is normal. The elevation can vary ±100 ft (30 m) due to GPS calculation errors.
My elevation is missing on the "current position" screen.	The elevation is only displayed if the GPS antenna can receive signals from at least four satellites. Try moving the vehicle into an open area. The elevation is also not displayed if the calculated elevation is zero or below sea level.

Update, Coverage, Map Errors

Problem	Solution
My city is not part of a fully verified detailed coverage area.	The mapping database is constantly undergoing revision.
Does the navigation system work outside North America?	The system contains maps for the United States of America, Canada, Mexico, Puerto Rico, US Virgin Islands, Cayman Islands, Bahamas, French Guiana, Guadeloupe, Martinique, Saint Barthelemy, and Jamaica. The navigation system will not work in other countries. Map Coverage P. 105

Display, Accessories

Problem	Solution
The display appears dim when starting the car in really cold weather.	This is normal. The display will become brighter after a few minutes.

Miscellaneous Questions

Problem	Solution
My clock frequently changes forward and backward by one hour.	The clock setting is automatically updated based on your GPS location. If you are driving near a time zone border, the automatic update likely is the reason.
How do I change the interface language?	Press the 🔝 button and then select General Settings > System > Language . Select the desired language for system language and then select Save . For more information, see the Owner's Manual.

GPS

The signals received from GPS satellites are extremely weak (less than a millionth of the strength of a local FM station) and require an unobstructed view of the sky. The GPS antenna is located in the dashboard. The signal reception can easily be interrupted or interfered with by the following:

- Audio electronic devices mounted near the navigation unit
- Trees, tall buildings, highway overpasses, tunnels, or overhead electrical power wires

GPS is operated by the U.S. Department of Defense. For security reasons, there are certain inaccuracies built into GPS for which the navigation system must constantly compensate. This can cause occasional positioning errors of up to several hundred feet (meters).

Address Calculation

The destination icon shows only the approximate location of a destination address. This occurs if the number of possible addresses is different from the number of actual addresses on a block. For example, the address 1425 on a 1400 block with 100 possible addresses (because it is followed by the 1500 block) will be shown a quarter of the way down the block by the system. If there are only 25 actual addresses on the block, the actual location of address 1425 would be at the end of the block.

Database

The digitized map database reflects conditions as they existed at various points in time before production. Accordingly, your database may contain inaccurate or incomplete data or information due to the passage of time, road construction, changing conditions, or other causes.

For example, some places/landmarks may be missing when you search the database because the name was misspelled, the place was improperly categorized, or a place/ landmark is not yet in the database. This is also true for police stations, hospitals, and other public institutions. Do not rely on the navigation system if you need law enforcement or hospital services. Always check with local information sources. The database does not include, analyze, process, consider, or reflect any of the following categories of information:

- Neighborhood quality or safety
- Population density
- Availability or proximity of law enforcement
- Emergency, rescue, medical, or other assistance
- Construction work, zones, or hazards
- Road and lane closures
- Legal restrictions (such as vehicular type, weight, load, height, and speed restrictions)
- Road slope or grade
- Bridge height, width, weight, or other limits
- Traffic facilities safety
- Special events
- Pavement characteristics or conditions

Every effort has been made to verify that the database is accurate. The number of inaccuracies you experience increases the longer you go without obtaining an updated map database.

Dotaining a Navigation Update P. 104

We assume no liability for any incident that may result from an error in the program, or from changed conditions not noted above.

Resolving Problems

If you run into a specific issue that you cannot resolve, consult the following help resources:

• For navigation system issues:

Troubleshooting P. 96

Or, please contact your dealer.

- For traffic-related issues:
 Traffic P. 97
- For reporting issues with the database or places/landmarks:
 - Visit
 https://mapcreator.here.com/
 mapcreator
 - Or call Honda Automobile Customer Service.
 - Honda Automobile Customer Service Contact Information P. 104

Obtaining a Navigation Update

Honda is continuously updating the navigation system and new software is usually made available on an annual basis. For information on navigation updates for your vehicle, please visit:

- U.S.: hondanavi.navigation.com
- Canada: www.honda.ca/owners/hondaservices/navigation

You can also contact your Honda authorized dealer for further information regarding the update program available for your vehicle.

Honda Automobile Customer Service Contact Information

Honda Navi

American Honda Motor Co., Inc.

Honda Automobile Customer Service Mail Stop CHI-5 1919 Torrance Blvd. Torrance, CA 90501-2746 Tel: (800) 999-1009 Fax: (310) 783-3023

Honda Canada Inc.

Honda Customer Relations 180 Honda Blvd. Markham, ON L6C 0H9 Tel: (888)-9-HONDA-9 Hours: 8:00 am to 7:30 pm Mon to Fri (EST)

Visiting Your Dealer

If you have a question that you cannot resolve using the available help resources, you can consult your dealer. Please identify the specific issue (e.g., error occurs when you enter a specific address, when driving on a certain road, or just when it's cold) so that the service advisor can refer the issue to the factory so that a solution can be found. Be patient, the service advisor may be unfamiliar with your specific issue.

Map Coverage

The system provides maps for the United States of America, Canada, Mexico, Puerto Rico, US Virgin Islands, Cayman Islands, Bahamas, French Guiana, Guadeloupe, Martinique, Saint Barthelemy, and Jamaica. The navigation system will not work in other countries.

Traffic Information

Continuously updated traffic information is available in major metropolitan areas across contiguous United States and some cities in Canada.

End User License Agreement

Your vehicle may contain a navigation solution ("Navigation Solution") as part of its audio/connectivity system. The software embedded in the Navigation Solution (the "Software") is owned by the navigation solution provider or its subsidiaries (collectively, "Navigation Provider"). The map data that may be embedded in your Navigation Solution or downloaded separately (the "Map Data") is either owned by the Navigation Provider, or by HERE North America LLC and/or its affiliates ("HERE") or another third party and licensed to the Navigation Provider. The Navigation Provider also owns, or licenses from third party providers, information, traffic data, text, images, graphics, photographs, audio, video, images and other applications and data that may be embedded in the Navigation Solution, or downloaded separately ("Other Content"). The Map Data and Other Content are collectively the "Content". The Software and Content (collectively, the "Navigation Provider Products") are protected under copyright laws and international copyright treaties. The Navigation Provider Products

are licensed, not sold. The structure, organization and code of the Software are valuable trade secrets of the Navigation Provider and/or its third-party providers. The Navigation Provider Products are each provided under this License Agreement and are subject to the following terms and conditions which are agreed to by End User ("you" or "your"), on the one hand, and the Navigation Provider and its licensors and affiliated companies of the Navigation Provider and its licensors, on the other hand. The Navigation Provider's licensors, including the licensors, service providers, channel partners, suppliers and affiliated companies of the Navigation Provider and its licensors, are each a direct and intended third party beneficiary of this Agreement and may enforce their rights directly against you in the event of your breach of this Agreement.

IMPORTANT: CAREFULLY READ THIS ENTIRE LICENSE AGREEMENT BEFORE PURCHASING OR USING YOUR NAVIGATION SOLUTION OR CONTENT. PURCHASING, INSTALLING, COPYING, OR OTHERWISE USING YOUR NAVIGATION SOLUTION OR CONTENT CONSTITUTES

YOUR ACKNOWLEDGMENT THAT YOU HAVE READ THIS LICENSE AGREEMENT AND AGREE TO ITS TERMS AND CONDITIONS.

License Terms and Conditions

The Navigation Provider grants you a limited, non-exclusive license to use the applicable Navigation Provider Product in accordance with the terms of this Agreement. You agree to use the applicable Navigation Provider Product for solely personal use, or if applicable, for use in your business' internal operations, and not for service bureau, timesharing, resale or other similar purposes. You agree not to otherwise reproduce, archive, copy, modify, decompile, disassemble, reverse engineer or create derivative works of any portion of the Navigation Solution, and may not transfer or distribute it in any form, for any purpose, except to the extent permitted by mandatory laws. The Navigation Provider also reserves the right to discontinue offering any Content supplied by any third party supplier if such supplier ceases to supply such content or the Navigation Provider's contract with such supplier terminates for any reason.

Restrictions. Except where you have been specifically licensed to do so by Navigation Provider, and without limiting the preceding paragraphs, you may not use the Navigation Provider Products with any products, systems, or applications installed or otherwise connected to or in communication with vehicles, and which are capable of dispatch, fleet management or similar applications where the Content is used by a central control center in dispatching a fleet of vehicles. In addition, you are prohibited from renting or leasing the Navigation Provider Products to any other person or third party.

You agree to be fully responsible for your own conduct and content while using the Software and for any consequences thereof. You agree to use the Software only for purposes that are legal, proper and in accordance with this Agreement and any applicable policies or guidelines. By way of example, and not as a limitation, you agree that when using the Software, You will not:

 upload, post, email or transmit or otherwise make available content that infringes any patent, trademark, copyright, trade secret or other proprietary right of any party, unless you are the owner of the rights or have the permission of the owner to post such Content;

- use the Software or other content for any illegal or unauthorized purpose; or
- transmit any viruses, worms, defects, Trojan horses, or any items of a destructive nature.

You agree to comply with any laws, rules or regulations in your locale or in the location of your web server regarding online conduct and acceptable content, including laws regulating the export of data to your country of residence.

No Warranty. The Navigation Provider Products are provided to you "as is," and you agree to use them at your own risk. The Navigation Provider and its licensors including the licensors, service providers, channel partners and suppliers, and affiliated companies of Navigation Provider and its licensors, make no guarantees, representations or warranties of any kind, express or implied, arising by law or otherwise, including but not limited to, content, quality, accuracy, completeness, effectiveness, reliability, merchantability, fitness for a particular purpose, usefulness, use or results to be obtained from the Navigation Provider Products, or that the Content or server will be uninterrupted or error-free. The Navigation Provider Products are intended to be used only as supplementary travel aids and must not be used for any purpose requiring precise measurement of direction, distance, location or topography. THE NAVIGATION PROVIDER MAKES NO WARRANTY AS TO THE ACCURACY OR COMPLETENESS OF THE MAP DATA OR OTHER CONTENT.

Disclaimer of Warranty. THE

NAVIGATION PROVIDER AND ITS LICENSORS, INCLUDING THE LICENSORS, SERVICE PROVIDERS, CHANNEL PARTNERS, SUPPLIERS AND AFFILIATED COMPANIES OF THE NAVIGATION PROVIDER AND ITS LICENSORS, DISCLAIM ANY WARRANTIES, EXPRESS OR IMPLIED, OF QUALITY, PERFORMANCE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NONINFRINGEMENT OF THE NAVIGATION PROVIDER PRODUCTS. NO ORAL OR WRITTEN ADVICE OR INFORMATION PROVIDED BY THE NAVIGATION PROVIDER OR ITS SUPPLIERS AND LICENSORS SHALL CREATE A WARRANTY, AND YOU ARE NOT ENTITLED TO RELY ON ANY SUCH ADVICE OR INFORMATION THIS DISCLAIMER OF WARRANTIES IS AN ESSENTIAL CONDITION OF THIS AGREEMENT. Some States, Territories and Countries do not allow certain warranty exclusions, so to that extent the above exclusion may not apply to you.

Disclaimer of Liability. THE NAVIGATION PROVIDER AND ITS LICENSORS, INCLUDING THE LICENSORS, SERVICE PROVIDERS, CHANNEL PARTNERS, SUPPLIERS AND AFFILIATED COMPANIES OF THE NAVIGATION PROVIDER AND ITS LICENSORS, SHALL NOT BE LIABLE TO YOU: IN RESPECT OF ANY CLAIM, DEMAND OR ACTION, IRRESPECTIVE OF THE NATURE OF THE CAUSE OF THE CLAIM, DEMAND OR ACTION ALLEGING ANY LOSS, INJURY OR DAMAGES, DIRECT OR INDIRECT, WHICH MAY RESULT FROM THE USE OR POSSESSION OF THE NAVIGATION PROVIDER PRODUCTS; OR FOR ANY LOSS OF PROFIT, REVENUE, CONTRACTS OR SAVINGS, OR ANY OTHER DIRECT, INDIRECT, INCIDENTAL, SPECIAL OR

CONSEQUENTIAL DAMAGES ARISING OUT OF YOUR USE OF OR INABILITY TO USE THE NAVIGATION PROVIDER PRODUCTS. ANY DEFECT IN THE CONTENT OR INFORMATION. OR THE BREACH OF THESE TERMS OR CONDITIONS, WHETHER IN AN ACTION IN CONTRACT OR TORT OR BASED ON A WARRANTY AND WHETHER RESULTING FROM THE USE, MISUSE, OR INABILITY TO USE THE NAVIGATION PROVIDER PRODUCTS OR FROM DEFECTS OR ERRORS IN THE APPLICATION, EVEN IF THE NAVIGATION PROVIDER OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THE NAVIGATION PROVIDER'S AND ITS LICENSORS' TOTAL AGGREGATE LIABILITY WITH RESPECT TO ITS OBLIGATIONS UNDER THIS LICENSE AGREEMENT OR OTHERWISE WITH RESPECT TO THE APPLICATION OR THE CONTENT SHALL NOT EXCEED \$1.00. Some States. Territories and Countries do not allow certain liability exclusions or damages limitations, so to that extent the above may not apply to you.

ANY CONTENT OR MATERIAL DOWNLOADED OR UPLOADED OR OTHERWISE OBTAINED THROUGH THE SOFTWARE IS DONE AT YOUR OWN DISCRETION AND RISK. YOU WILL BE SOLELY RESPONSIBLE FOR ANY DAMAGE TO YOUR ELECTRONIC COMMUNICATION DEVICE OR ANY LOSS OF DATA THAT MAY RESULT FROM THE DOWNLOAD OR UPLOAD OF ANY SUCH CONTENT OR MATERIAL OR THE USE OF THE SOFTWARE.

Disclaimer of Endorsement; Change of **Content Providers.** Reference to any products, services, processes, hypertext links to third parties or other Content by trade name, trademark, manufacturer, supplier or otherwise does not necessarily constitute or imply its endorsement, sponsorship or recommendation by the Navigation Provider or its licensors. Product and service information are the sole responsibility of each individual vendor. The HERE name and logo, the HERE and HERE ON BOARD trademarks and logos, and other trademarks and trade names owned by HERE North America LLC may not be used in any commercial manner without the prior written consent of HERE. Content providers may be changed by the Navigation Provider during the term of this

Agreement, and your experience with the Content provided by a new provider may not duplicate your experience with the previous Content supplier.

Export Control. You agree not to export from anywhere any part of the Content or any direct product thereof except in compliance with and with all licenses and approvals required under, applicable export laws, rules and regulations.

Legal Compliance. You represent and warrant that (i) you are not located in a country that is subject to a U.S. Government embargo, or has been designated by the U.S. Government as a "terrorist supporting" country, and (ii) you are not listed on any U.S. Government list of prohibited or restricted parties.

Indemnity. You agree to indemnify, defend and hold the Navigation Provider and its licensors, including the respective licensors, service providers, channel partners, suppliers, assignees, subsidiaries, affiliated companies, and the respective officers, directors, employees, shareholders, agents and representatives of the Navigation Provider and its licensors, free and harmless from and against any liability, loss, injury (including injuries resulting in death), demand, action, cost, expense, or claim of any kind or character, including but not limited to attorney's fees, arising out of or in connection with any use or possession by you of the Navigation Provider Products.

Map Data. Use of the Map Data is subject to certain restrictions and/or requirements imposed by third party suppliers and/or governmental or regulatory authorities, and in the case of HERE Data, as further set forth at *https://legal.here.com/en-gb/terms/ general-content-supplier-terms-andnotices.*

Term. This Agreement is effective until such time as (i) if applicable, your subscription term is either terminated (by you or by the Navigation Provider) or expires, or (ii) Navigation Provider terminates this Agreement for any reason, including, but not limited to, if the Navigation Provider finds that you have violated any of the terms of this Agreement. In addition, this Agreement shall terminate immediately upon the termination of an agreement between the Navigation Provider and any third party from whom the Navigation Provider (a) obtains services or distribution necessary to support the Navigation Provider Products, or (b) licenses Content. You agree, upon termination, to destroy all copies of the Content. The Disclaimers of Warranty and Liability set out above shall continue in force even after any termination.

Entire Agreement. These terms and conditions constitute the entire agreement between the Navigation Provider and its licensors, including the licensors, service providers, channel partners, suppliers and affiliated companies of the Navigation Provider and its licensors, and you pertaining to the subject matter hereof, and supersedes in their entirety any and all written or oral agreements previously existing between us with respect to such subject matter.

Governing Law.

(a) For European Union HERE Data

The above terms and conditions shall be governed by the laws of the Netherlands, without giving effect to (i) its conflict of laws provisions, or (ii) the United Nations Convention for Contracts for the International Sale of Goods, which is explicitly excluded. You agree to submit to the jurisdiction of the Netherlands for any and all disputes, claims and actions arising from or in connection with the HERE Data provided to you hereunder.

(b) For North American HERE Data and other non-European Union HERE Data

The above terms and conditions shall be governed by the laws of Illinois, without giving effect to (i) its conflict of laws provisions, or (ii) the United Nations Convention for Contracts for the International Sale of Goods, which is explicitly excluded. You agree to submit to the jurisdiction of Illinois for any and all disputes, claims and actions arising from or in connection with the HERE Data provided to you hereunder.

(c) For disputes, claims and actions not related to the HERE Data

The above terms and conditions shall be governed by the laws of Japan, without giving effect to (i) its conflict of laws provisions, or (ii) the United Nations Convention for Contracts for the International Sale of Goods, which is explicitly excluded. You agree to submit to the jurisdiction of Japan for any and all disputes, claims and actions arising from or in connection with the Application or Content. Any translation of this Agreement from English is provided as a convenience only. If this Agreement is translated into a language other than English and there is a conflict of terms between the English version and the other language version, the English version will control.

Map Data Government End Users. If End User is an agency, department, or other entity of the United States Government, or funded in whole or in part by the U.S. Government, then use, duplication, reproduction, release, modification, disclosure or transfer of the Map Data is subject to restrictions as set forth in DFARS 252.227-7014(a)(1) (JUN 1995) (DOD commercial computer software definition), DFARS 27.7202-1 (DOD policy on commercial computer software), FAR 52.227-19 (JUN 1987) (commercial computer software clause for civilian agencies), DFARS 252.227-7015 (NOV 1995) (DOD technical data - commercial items clause): FAR 52.227-14 Alternates I. II. and III (JUN 1987) (civilian agency technical data and noncommercial computer software clause); and/or FAR 12.211 and FAR 12.212 (commercial item acquisitions). as applicable. In case of conflict between any of the FAR and DFARS provisions listed herein and this License Agreement, the construction that provides greater limitations on the Government's rights shall control The contractor/manufacturer is HERE North America LLC, 425 West Randolph Street, Chicago, Illinois 60606 USA
